Association Makes Money

The Association starts with a base income

There are three core sources of income for all members of the Association.

Referral Income comes from part of the membership dues of your referrals and indirect referrals to you.

The collective membership dues assist in funding members projects in exchange for a piece of the pie that is shared by all members of the Association.

Affiliate income is earned by promoting members programs.

Association Invests Money

The Power of the Association

100% of the membership dues benefit the members of the Association.

The membership dues are divided \$5 for the referral program and \$10 for funding projects.

4000 Members generates \$40k per month. This will be used to fund projects that will benefit all members of the Association.

We are currently funding projects to help you raise funds for important needs in your community. If your church needs a new piano we have a way to help them raise those funds. These ventures not only help any worthy cause or charity raise much needed funding without having to rely on the charity of others, but they also make everyone in the Association money.

Privilege 1: Referral Income

Get paid from your direct and indirect referrals into the Association

You earn \$3 per month from each of your referrals into the Association and \$2 per month from each of your indirect referrals.

The average network marketer will refer 2.7 people to a program they endorse.

Number of Direct Referrals	Number of Indirect Referrals Ref x 2.7	Monthly Income from Direct Referrals	Monthly Income from Indirect Referrals	Total Monthly Income
5	13.5	\$15	\$27	\$42
25	67.5	\$75	\$135	\$210
100	270	\$300	\$540	\$840

With every member in the Association making money, your affiliate income will be for the rest of your life.

We have a team of experts who look over the business plan of all projects submitted by our members. The projects with the best chance of success, the potential for making all Association members money, and the shortest time to launch will be the projects we fund first.

We will fund every members' project:

If you want to graduate from college debt free, the Association will help

If you want to raise money to solve a problem, the Association will help

If you want the wedding of your dreams, the Association will help

If you have a great idea you need help launching, the Association will help

That help will come in the form of FUNDING

Privilege 6 Marketing

If you have a program you want marketed, the Association can help

If you take the collective networks of 4000 like-minded people, you have a huge and very powerful network. This is the power of the Association.

We will help to promote any legitimate program that our members are passionate about. This in turn will generate an income for that member as well as every member of the Association.

We will help to market your project that we have funded as well.

Utilizing the proven methods used to market other ventures, we will include your project with these marketing programs.

Privilege 7 Monetization

We are connected to media buyers and advertisers

If you need monetization for your website or project, we can provide banner ads and video ads that pay. Your traffic can now provide an income for your project.
