The Wheel of Prizes

How to get spins

There are three ways to gain a spin on the Wheel of Prizes.

1. Play Free Games
2. Complete Sponsors Offers
3. Shop in Our Bargain Mall

The value of spinning the wheel

Prizes on the wheel range in value from \$15 to a brand new car. Each spin raises \$5 or more for YOUR charity.

All sales raise charity funds

A portion of all sales in our FUNdraising Mall go to charity. To get your share of these funds just drive traffic to our site.

Spins are FREE

Playing free games will earn spins on the Wheel of Prizes.

Referring people to play free games

These people will help you reach your fundraising goal. They will also create a residual income from our charity affiliate program that pays you month after month and long after we have reached our fundraising goal.

Completing Sponsors Offers

Many offers are completely free

People can earn as many credits as needed to spin the wheel of prizes as often as desired and all by completing free offers from several participating sponsors. Each time enough credits are earned to spin the wheel of prizes, your charity will earn 50 cents on top of the funds being raised for your fundraising campaign.

How much money?

Keep in mind the "Charity Affiliate" program generates funds that are in addition to and aside from any fundraising campaign being conducted. The funds are also for as long as we are in business.
